

GRIFFIN'S GRIT.

A BANK REFUNDS THE MONEY

And Declines to Keep a Deposit of the State to the Disadvantage of Regular Customers—
More About the Bank—
The Bank of RomeSpecial dispatch to the Constitution.
GRIFFIN, April 16.—The Griffin banking company, one of the state depositories, has concluded to turn over all the state funds now in hand to Treasurer Speer. The amount is \$30,000.

The recent court decision making the state a preferred creditor, caused the bank to take this step; it being deemed necessary by other depositories to do business under such a condition. The amount is now in process of remittance.

The Home Bank.
Special dispatch to the Constitution.
Rome, April 16.—The Home Bank, which is the subject of so much trouble here before this week, was to have entirely gone, except to those who are depositors.

The attorney general feels sure of securing to the state the amount due and to this end has arranged with the legislature an organized fight by the deponents will greatly reduce the state's right to precedence. It is claimed that the ruling under which Judge Blatchford made his decision was properly fought, as it was made in conformity to the laws of the state as they stood previous to the adoption of the new constitution.

The state's stand was repeated in the bank without any comment, but for this reason the law gave a precedent for the new constitution, but in the new constitution the state requires that the bank be paid its money.

The city at present has been sent for \$30,000, the amount of Mr. Biggers' bond. This sum was deposited Friday, and the bank is about to institute legal proceedings against the late trustee.

The Triple Alliance.
Special dispatch to the Constitution.

GRIFFIN, April 16.—There is considerable excitement here to-day over the reported lease of the Central road.

The West Point Train.
Special dispatch to the Constitution.

GRIFFIN, April 16.—The syndicate consisting of Messrs. Wadley, Sloan and Taylor have purchased a controlling interest in the Atlanta and West Point railroad stock.

It was sold at \$100 per share. This gives the Louisville and Nashville and Central railroad connections the principal south Atlantic and gulf ports, embracing Charlestons, Savannah, Pensacola, Mobile, New Orleans, and inland cities for western freight.

Georgia railroad stock to-day was firm, with sales at 154. The Central was excited and fluctuated. It opened at 134, advanced to 144 and dropped to 142, at which it closed weak.

The News in Savannah.
Savannah News, 16th.

The exciting news which prevailed in this city yesterday in regard to railroad masters had not come to light when we last wrote, but it is now known that the stockholders of the Central will meet to-day to consider the situation, and to make a final arrangement for the control of the railroad.

"I could not pause to make suggestions to the legislature. I suppose the legislature knows all our business. But if it is any advantage to me, I would say, build a granite fort for the treasurer—such a vault as the banks use, to hold it in the burglar-proof safe where the state has just now got it."

What do you regard the standing of the re-taking of the state deposits?"

They are still edge. I never had great faith in the opinions of the Citizens' bank, but it does not seem to me that the bank to hold more than a third of a million dollars of the state's money. I therefore checked it out as fast as the needs of the state demanded. The other state depository, however, I consider perfectly sound.

In every case, however, there is a large amount of the savings, who will, we are informed, effect a day's effort to change the control of the bank.

A Talk With Treasurer Speer.

Yesterday a reporter of the Constitution asked Treasurer Speer what he thought of the law creating a state deposit, and what changes he would like to see made.

Mr. Speer said: "I can't say, but I would say build a granite fort for the treasurer—such a vault as the banks use, to hold it in the burglar-proof safe where the state has just now got it."

What do you regard the standing of the re-taking of the state deposits?"

Arriving of Deputations.

Following a series of events last week, the deputations of the Citizens' bank have been called to meet on Monday morning at 12 o'clock, at the chamber of commerce, to consider the situation, and to take up the demands of the various depositories.

PHILADELPHIA PROPOSES

To Do More for the Exposition than New York.

Special dispatch to the Constitution.

PHILADELPHIA, April 16.—We have a very good report from our correspondents that the exposition will be a success. I believe Philadelphia will far exceed her quota, and possibly beat New York. Much credit is due the plan of the Tenth Street Association, and especially to the directors of the exposition, which will be held at the banking house, named the Franklin.

The Franklin will be the largest and most elaborate building ever erected in this country.
